FOR IMMEDIATE RELEASE

## **San Antonio 110 9/11 Memorial Climb**

**What:** SAN ANTONIO 110 9/11 Memorial Climb  
**Info:** [www.SanAntonio110.com](http://www.SanAntonio110.com)

On Tuesday, **September 11<sup>th</sup>** First Responders from all over the country will once again join together to pay tribute to their fallen brethren.

The San Antonio 110 has consistently been in the **top 3 largest 9/11 Memorial climbs in the world**. This is our 8th year.

This year, due to current restrictions and the need to keep our first responders healthy, we are holding our SA110 virtually. We made a promise 19 years ago to NEVER FORGET, no matter the circumstances. And holding true to that promise, rather than cancel the event, we are holding a virtual event. Registration will include our annual T-shirt and tribute tag for a fallen so that all of our fallen will still be paid tribute to. We will also be streaming live as committee members hold the ceremony and even at the Tower of Americas. We will be including multiple options for how each participant can still pay tribute to our fallen heroes and also have interactive rooms for over 1000 climbers to do so interactively with one another.

Right now organizations such as ours need support more than ever so as to sustain for future years to come. We are also hoping that having this virtual event will also allow many who normally would not have been able to to now participate and pay tribute in their own way.

### **Registration is open. Limited tickets remain.**

Through August 1st: \$45/\$35

\*Only 1000 tickets available.

**Sponsorship opportunities are also still available.** We have Gold, Silver, and Bronze level sponsorships available. Reduced pricing with display on our annual shirts, sent out to all participants, also available. Donations also accepted and greatly appreciated as well!

\*SA110 is 100% volunteer run and 100% funded by the generosity of our participants and community.
